DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: there are no prior arts teaching or suggesting of an electronic label reading system including:

at least one information bearing electronic coded label including a label antenna;
an interrogator including an interrogator antenna;
a magnetic field coupling link containing a transmitter coil and a receiver coil for communication between the interrogator and the label;

wherein the coupling link is arranged such that it operates in the near field of the transmitter coil and wherein substantially none or at most a minority of the magnetic flux which excites the receiver coil also links the transmitter coil.

In another embodiment: an electronic label reading system comprising:

an electronic coded label having an antenna coil and at least one item of information, the label being in proximity to a metal object;

an interrogator including a transmitter coil and a receiver coil;
the metal object from the interrogator substantially screening the label and the metal object further includes a pathway on it allow surface currents induced by the interrogator on one side of the metal object to pass to the other side and to create a magnetic field exciting the label antenna coil.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from examiner should be directed to primary examiner **Van Trieu** whose telephone number is (571) 272-2972. The examiner can normally be reached on Mon-Fri from 7:00 AM to 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. **Jeffery Hofsass** can be reached on (571) 272-2981.
